

NSW COUNTRY EAGLES

Att: Presidents, Coaches and Players

The NSW Country Eagles vision is to have a Country based team in the National Rugby competition. This will comprise of players at Super 15 level, players in Metropolitan competitions and importantly Players currently playing in our regional competitions.

We are very interested in helping players from regional areas have the opportunity to progress into the next step in the Rugby development pathway . With this in mind I am asking all coaches, presidents to put name forward of players you feel have the ability and application to take the next step in rugby pathway. We are interested in watching these players and hopefully develop into the NRC competition.

If you have a player you would like us to review and possibly include in development programs please contact one of the following people:

Darren Coleman - Head Coach	0414 759 378
Mark Giacheri - ass coach	0402 478 086
James Grant- General Manager	0404 065 667
